Reminders...

- **Never** - give anyone your security details, such as your PIN or full banking password – at most, banks will ask for random characters from them.
- **Never** - assume an email, text or phone call is authentic, these things are really easy to replicate.
- **Never** -let yourself be rushed, a genuine organization will never press you for information and will always be patient.
- **Always follow your instincts** – if something doesn't feel right, there's a good chance something is amiss.
- **Always stay in control** – know where your credit and debit cards are at all times, and don't panic and make a decision you'll regret, especially if you feel you're being pressured into it.
